It is one of the simple romanesque techniques. (Wikipedia) The Tabula Facies, also known as Tabula Scarabaeorum in Latin, were the basic type of mold used by the Romans in the production of figures on pottery, metal, glass, wood, and stone, for example those of the early series of salpinx, coriuthe, and greaves of the Roman army. (Wikipedia) The Tabula Faciae is the name of the set of statues of the Roman emperors which were set up in the Roman Forum. (Wikipedia) tabula facies a table-shaped surface, as formed by a relief carving, sculpting, or woodburning.
