I'm using Xcode 9.2, targeting iOS 13 and I need to be able to use Realm in my app. I've created a new iOS Framework that includes Realm. I can import and make use of it in my app, and I can make changes to the framework and use it in Xcode. The problem is when I'm making changes to the library and try to add it to my app as an External Library, Xcode will not allow me to. Notice
