The new TomTom GO online! With no phone or tablet needed, you can now enjoy the freedom of online maps and navigation with your TomTom GO online, or later model Rider.

We are the "Google of the car" (CarsGuide. net). We connect you to the Internet and map technology to help you find your way wherever you are. That's why more than 75 million of our customers rely on TomTom. The integration of mapping technology into our product line allows us to deliver the best in world-class navigation. The potential for combining your smartphone with the E-series has been demonstrated for many years. Now, in partnership with Audi, we are producing a truly innovative and pioneering product that literally bridges this gap. Connected Road Trip will enable you to create your own digital road trip from start to finish on your smartphone, using the TomTom navigation application. After five weeks of preparation, the next generation of Ford's Shelby GT500 was revealed at the North American International

Auto Show in Detroit Tuesday. Based on the new chassis and with a new, more powerful engine, the new Mustang is lighter than the car it replaces. The chassis is based on the first-generation Shelby GT350 with all-new rear suspension, steering and braking, and the suspension has also been stiffened by 10 percent. The engine, upgraded to a 4.0-liter V8, is rated at 562 horsepower, and 662 horsepower with the optional Magnetic Selective Ride and Track Control. Part of the reason for the improved performance is a new transmission. In place of the six-speed automatic of the GT350R, the new Mustang has the six-speed manual from the Shelby GT350R. The new transmission has better shift quality and higher torque capacity.

There are only three mechanical changes to the GT500. Besides the new engine, the new GT500 has the same lightweight aluminum hood as the GT350, but with carbon-fiber reinforcement. The seat is redesigned with adaptive, active memory to make it more comfortable. There are also a new pair of six-point seat belts and revised seats. The R-rated launch control is
