The purpose of the training was to demonstrate how environmental technologies can be integrated in the energy sector. The training was organised by the Ministry of Environment, Science and Technology and Nalco Ghana. It was attended by senior personnel from the Ministry and Nalco Ghana. The course had course instructors, delegate from Australia, South Africa and Tanzania. How many iOS Apps can I download per month? - cvduncan I've been getting a bit discouraged from using the App Store to find apps. When I use the App Store to download apps, is there an easy way to find how many apps I can download per month? The number I'm finding is too little. ===== kls 3. Some apps it appears have been downloaded and are in use. I would assume that it takes a bit of time for an app to get downloaded as long as you have a connection to the interwebs, so yes. ----- rlpb You can find this information if you use something like Top Apps. I believe iTunes will show you total monthly downloads, but I'm not sure. Q: Why are my casted void\* pointers changing their size? In a C program, when a program is compiled with -fPIC, then when the executable is loaded, then the size of void\* pointers seems to change. Any ideas on why this is happening? One example of the problem occurs when I try to do a strcpy and cast the void\* pointer to a char\*. The strcpy will access memory that it shouldn't, and the void\* pointer is being cast to a char\*, which causes an access violation. A: This is because any C implementation can choose to use different alignment for pointers, even if they have the same size. Alignment of void\* pointers is implementation-defined (see C11, 6.2.5.3, 7): On a
