Adobe Acrobat Pro Xi (Acrobat XI Pro) is a professional PDF.FBI agents raided the home of a foreign student from Colombia, whom they suspect of trying to join ISIS in Syria. The student had asked American officials for help as she tried to leave the U.S. to join a terror group. According to a confidential U.S. FBI report

---

obtained by Reuters, 23-year-old Ana Maria Chavez “tried to secure the cooperation of the FBI in crossing U.S. borders to reach Syria.” Chavez is believed to have traveled to San Diego, California, and then Chicago, Illinois, in early December for the purpose of contacting U.S. law enforcement about moving to Syria. Chavez said she was interested in moving to Syria as an Islamic State (ISIS) fighter, according to an FBI report. She said she wanted to marry a person who had already been to Syria and that she wanted to live with her future spouse’s family. The woman also said that her parents, siblings, and children still live in Colombia, according to the report. Chavez said that she “had the willingness to die as a martyr in Syria, if necessary.” She

Learn how to troubleshoot a problem. Join the Community. The Adobe Support team offers email support, phone support, online Help, and forums. Follow this guide. Start from the beginning. You can open the help topics page in two ways. If you run into trouble, use the following steps. A Windows error code means that there is a problem with your computer, or one of the files or applications on your computer. On the other hand, a generic error code does not provide enough information to make troubleshooting easier. Run the system file checker, included with Windows Vista and later versions of Windows. If a file or a driver is corrupted, this tool can identify the cause of a problem, fix the problem, and help you avoid it in the future. In addition, to diagnose a potential system problem, you can use Windows Security. This tool is available from the Windows Start menu. Here, you can check the settings of various security settings, configure system access and folder permissions, and remove temporary files from the Recycle Bin. If you run into trouble, use the following steps. You can open
