The Elden Ring, the most powerful organization in the world, holds its own ground on what once was known as the Ark. It is said that the Ark is the place where a civilization flourished as the world began to mature. They are a race of people who took care of the world and made sure that it will not be destroyed by any natural disaster. However, the Elden Ring inherited a darkness that corrupted the Ark. The Ark was destroyed and the last people on the Ark were wiped out. The Elden Ring became the only survivors left on the Ark and reached an impasse at the gates of a mystical land called the Lands Between, waiting for a new change to come to the world. When a divine blast of mysterious power arises, the destiny of the people has begun to change. You, as a new character, arrived in the Lands Between on a quest to save the people and investigate the cause of the divine blast. While exploring, you will encounter various people, equipment, and monsters. You will come to the conclusion that the cause of the divine blast is a mystery that can be solved only by breaking the impasse of the Elden Ring.
