1. BACKGROUND

In Ages ago, the Elden Ring was entrusted to the 13 wise guardians: the Feirande. Earning the ability to wield the power of the Elden Ring was considered a privilege. Power that will ultimately lead to the creation of the world. However, one Feirande by the name of Arc returned with the power of the ring, then known as Tarnish. Not only did he have the power to wield it, but the ability to make a force that would drive others with the power of the Elden Ring insane. As such, they tried to kill him, but when it turned out he couldn't be killed he was imprisoned. Tarnished eventually found his way to the Ixian Isles and after years in the dungeon he eventually awoke, and after finding Arc who is still imprisoned he came to be fascinated by Arc's one-sided power, thinking he could take advantage of him. So one day Tarnished secretly approached Arc to find out more information, hoping to further his power in the process. Although it was a close encounter Arc reacted as a father would who suddenly found out a child had discovered the location of some crystal. Arc hurled him away from the rest of the people in the group and replaced him with a clone of himself. Arc apparently opened the portal from the Ixian Isles opened for their empire to invade the world, and so left to learn the enormity of Tarnished's powers, and sought to cause devastation far and wide. This is of course a story written with love to the folks at Arc, who created Fantasy Alliance, the title which made us launch this game.
