"How many times have you been waiting for a fantasy RPG to finally come that takes action-packed dungeons and mounts, and combines them together well? So I got to play it after the livestream just to see what's about and OMG I was really, really impressed. It's not just action-packed dungeons, but the event scenes and dialogue are just also very good! Plus, this game's player controlled so if you can join in on the fun you can have a great time! The characters are very interesting and the story is intriguing. I recommend this game to those who just love fantasy action RPGs, because it really does have something special. 5/5" -GameXplain "In an age of cut-scenes and MMOs this title is not only a breath of fresh air but a beautiful game in itself." -MMORPG-CAST "So I was able to play this and I really like it. The combat, the attacks and all the other systems are well implemented and are fun to use. There was also multiple directions the story could go and was definitely interesting and it had a great atmosphere overall." -EvanTheEmaculate "I am a big fan of Kingdom Story and this game has a lot of the same elements, so I was pretty interested to try it out. I love stories that have interesting characters, and The Elden Ring Cracked 2022 Latest Version game does that perfectly. Their dialog was well done and the characters, especially the heroes, were really developed." -MagusLegend "This game is a delightful mix of RPGs, MOBA, and ARPG with a unique twist on the typical fantasy setting. So whether you're interested in single player or a group, The Elden Ring Download With Full Crack game is one of the most interesting games I've played this year." -OutbreakHeroes "The Elden Ring game looks like a lot of fun. This game, like Kingdom Story, is a cool anime-style artwork and music combo. The game is described to be a fantasy action RPG, but I don't believe I've ever played a game with action-packed dungeons as this one. This game looks like a lot of fun and I'm glad they released it in two parts, because if this were a single game it would be too long." -FrogDogGames "This game looks to be quite well put together and is likely bff6bb2d33
