Network Price Changes The Nintendo
eShop has been growing in

popularity over the last few years. I remember being pretty shocked at the prices. A year ago, a download for New Super Mario Bros. Wii U would cost me about \$30. The download was over twice as large as the larger standard download. In more recent times, I have seen prices stay about the same, while download sizes have remained pretty much the same. That includes downloads of some Wii U titles. Also, I was shocked at how many download games actually cost money. I mean, New Super Mario Bros. Wii U did, but that is the only one I can think of. So it should come

as no surprise that Nintendo is trying to change the Nintendo eShop's pricing structure. This
