Date.Q: How do I adjust
text alignment within a
span? I have created a list
within my site where I want
the title of each page to
align left and centered.
Within each title, I want to
be able to add smaller
excerpts of text that will be
aligned left and centered.
I've created a fiddle here
which might help explain

what I'm looking to accomplish. There's also a code snippet below. The styles and HTML I've placed in there are from the CSS for the site, but I'm wondering if I need to change anything in there to accomplish this.

```
span.reminderTitle { font-size:7em; color:#FFA500; font-weight:bold; padding:10px; text-align:left; }  
span.reminderDesc {
```

margin-left:auto; margin-right:auto; width:350px; vertical-align:middle; text-align:center; } Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's e79caf774b
