The event kicks off with the Passion of Christ, in which St Joseph brings Christ's side of the story to life in an outdoor setting. In the morning, there will be a 7.45am service of Holy Communion at St Margaret's Church, Bloomsbury (Royal Academy of Music, 18 Tottenham Court Road). This is followed by The Passion of Our Lord, in which the Passion drama is played outdoors before a live audience and shown on a giant screen. It is performed by The London Passion Players (BBC), a company with over 80 years of tradition, and an internationally renowned ensemble of actors and musicians. The service will include a talk on the extraordinary power of faith and the refusal to compromise on that faith, and other speakers, including a priest, a philosopher and a musician. In the afternoon, there will be a talk on the meaning of Easter Sunday and the celebration of the Resurrection, together with a musical recital. The Passion of Our Lord will also be broadcast live on BBC Radio 3's Timewatch programme, showing at around 5pm, the same day as the live broadcast in London. Entry costs £15 per person, or £12 for any member of the clergy. To book, please call 0122 38 18 10.Q: openMPI and multiple cores I have 6 threads in Linux running on one of my cores. "GATE" Review by : Funk Story : A high grade fantasy action RPG where you create your own character to fight against various monsters. An epic story told in fragments and an amazing world you can dive into at your will. Graphics : High quality graphics that offer a different world. It gives you a sense of experiencing something more than just fancy 3D models. Colors, lighting, and compositions have all been improved to present a more vivid and detailed world. Gameplay : The gameplay consists of upgrading your own character to fight through new stages, level up and grow stronger. There are various games that you can enjoy, such as battles where you can develop your strategy, and cooking in the town which allows you to customize your own character's background. Difficulty : Easy to learn game. Explanations of the controls are given in a simple way. Even if you aren't experienced with the battle scene in RPGs, you can enjoy the game with just a little knowledge. Pros : * It's more like a game that you can progress through the story as you want than a game whose story ends after you finish. * There are a variety of choices and the result will be different. * A high-quality epic action RPG. * Truly a game that changes the RPG genre. Cons : * The game could have some more interesting features. * The story isn't very exciting, if you are expecting a game that has a plot line with multiple chapters. Overall : A high-quality game that changes the RPG genre.
