The Wire is an American television drama created by David Simon, which ran for five seasons on the HBO cable network. It was the first television drama in history to win every one of the major American and United Kingdom-based TV awards for which it was nominated, including a Primetime Emmy Award for Outstanding Drama Series. The Wire was based on a series of novels by Simon and Ed Burns, and was particularly influenced by the novels Poor White and The Corner. It depicts life and politics in urban Baltimore from the late 1990s through the early 2000s and examines various social issues and institutions prevalent in society. It was created and written by David Simon (who also directed the first three episodes), and Ed Burns. The first season premiered on June 8, 2002. Season 5 concluded on September 15, 2008. The present disclosure relates generally to backlit displays, and more particularly, to a display device capable of displaying a continuous, seamless image over a curved display surface that is formed by the back of the display device. It is generally known to provide displays with a backlight to illuminate an image to be displayed by the display. In conventional displays, light from the backlight is provided to a display through a display surface of the display, such that the light is directed to a viewer, who views the image from a distance. By passing the light through the display surface, the 6d1f23a050
