If we want to transfer our work from one operating system to another, then we need more correct than ever before to ensure that the 3d effect is completely transferred. The DirectSoundAPI was released in DirectX 9.0c and was improved in several ways to become completely compatible with the Direct3D 10 and 11 API and is still maintained for the present operating system versions. Since DirectX 10 is the most recent release, it offers a new API of 3D audio and video, much like DirectShow. As an independent open API, it is now part of the Windows operating system. System requirements DirectSoundAPI 1.1 previous version supports Windows 98/ME/NT4/2000/XP with DirectX 9, so a recent version of the driver is recommended. Download DirectSoundAPI 1. c6a93da74d
