### Microsoft Hyper-v Network Switch Default Miniport Driver Windows 8.1 16

Failed to load the %hs device driver. Error status was 0x%x. this is the problem, what should I do? Edited by rahulbabriya ... In addition to @rahulbabriya's reply, here's another one that shows some similar error messages, but doesn't seem to have the same cause for the problem I encountered. ... While I tried to update the driver, I got the following message: ... Failed to update the %hs device driver. The error status was 0x%x. This was because the driver could not be updated, and it seemed to be able to solve the problem. I just uninstalled it and reinstalled it.

## Microsoft Hyper-v Network Switch Default Miniport Driver Windows 8.1 16

NVIDIA - driver 2k1 cache reads (windows 7) [VULNERABLE] .
