Description CHIENKING OF HONG KONG is the first book in a continuing saga set in the time of the Hong Kong handover in June 1997 when British Hong Kong ceased to exist in favor of the People's Republic of China. Chi King is a young Gweilo (foreigner) who has been in Hong Kong for four years and has developed the good life. He is the landlord of the St. Martha's apartment complex, a place where self-righteousness is greatly valued. Chi is also a _machteté_ (medicine man). They will see a young woman with a problem and he will have to buy the herbs that will cure it. Chi often finds the herbs where he can, but he is also wise enough to know that a foreign tongue often runs out of luck in Hong Kong. Enter Chi's life in a new way when his landlord and his "man" are murdered. Chi believes that the killer is looking for the young woman's _"Wai guan"_ (local name for a hooker). It will take Chi as a "gweilo" to find this Wai guan, but can he? (If you are curious, in Hong Kong, "gweilo" is from the French and means "foreigner".) RECOMMENDED: This series is a great fantasy. I recommend to anyone who likes to read (and on occasion, to listen to) fantasy. This book is not as thick as some of the other Chi King books, but it's full of action and adventure. The main characters, Chi King and his "man", are both likable. At the beginning of the story, Chi is an exile
